

Structured Study

All members have the opportunity to participate in the development of professional educational courses and accredited programs.

TAMS has been involved in the development of the Works Supervisors Advanced Certificate and subsequently Certificate IV.

This is available through your local training Service provider or TAFE College.

Awards And Study Grants

Lance Holmes Awards

Each year up to four (4) awards are presented at the annual TAMS/IPWEA Conference. Recipients can use the award funding to attend approved training programs and industry conferences or to undertake interstate work exchange within Australia.

The aim of these awards is to give Local Government employees the opportunity to enhance their skills and, where possible, share their knowledge with colleagues. Interstate work exchanges are also encouraged to foster improved work practices and personal development amongst members.

International Study Award

Introduced in 1990 recipients of the award are funded to attend an overseas conference and undertake a one week study tour of the UK, USA or NZ. You must be a financial member of TAMS to be eligible.

National Works and Engineering Conference (Victoria)

Members who attend all of the Ordinary General Meetings of the Association are eligible for selection to attend this annual conference.
